Total.....	100%

CA REG. NO. 1051148-50001-AA WA REG. NO. 99932-05001

**WARNING
KEEP OUT OF REACH OF CHILDREN**

First Aid

Wash thoroughly after handling. If Swallowed: Do not induce vomiting. Contact a physician immediately. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. IF ON SKIN OR CLOTHING: Remove contaminated clothing immediately; flush skin with water for at least 15 minutes. If skin irritation occurs, get medical advice/attention. IF INHALED: Move to fresh air.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Wash thoroughly after handling. Avoid release to the environment. Dispose of contents/container to disposal recycling center.

Causes eye irritation and mild skin irritation. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes, or clothing. Do not apply this product in a manner as to directly or through drift expose workers or other persons.

Environmental Hazards

Avoid release into the environment. Harmful to aquatic life.

Physical or Chemical Hazards

Do not store with oxidizing agents.

STORAGE AND CONTAINER DISPOSAL

Store in closed areas and in original container. Use caution when moving, opening or pouring. Triple rinse (or equivalent). Do not allow water to be introduced into the contents of this container. Do not store near heat or open flame. Dispose of contents/container to disposal recycling center. Under RCRA it is the responsibility of the user of the product to determine at the time of disposal whether the product meets RCRA criteria for hazardous waste.

Waste management should be in full compliance with federal, state and local laws.

MIXING GUIDELINES:

Add foaming agent as follows

To Achieve Low Expansion

1 - 7 to 1
½ to 1 ½ oz. / gal.
(4 mls. to 12 mls. / liter)

To Achieve High Expansion

8 - 20 to 1
1 ½ to 9 oz. / gal.
(12 mls. to 71 mls. / liter)

Expansion rates will vary depending on water pH, temperature and product used.

DIRECTIONS FOR USE

ProFoam Platinum provides a unique blend of foaming agents for the transport of all types of products to areas such as: drains, wall voids and other areas requiring complete treatment of all vertical and horizontal surfaces. Follow all mixing instructions on chemical manufacturer's label, adding ProFoam as directed. User must complete any equipment and other calibration steps that may be required to ensure proper coverage. ProFoam rates will vary depending on chemical and equipment used. For use in food plants. Food contact surfaces are to be rinsed with potable water before reuse.

Evaluated and accepted by:
Canadian Food Inspection Agency

EQUIPMENT INFO

ProFoam was designed for the NPD Products Ltd. line of equipment but will also work in other foam generators. ProFoam may be metered through in-line injection devices such as venturi and proportional injectors. Each of these dispensing systems uses different technology. Contact your equipment manufacturer for detailed instructions.

NOTICE: Carefully follow all directions. All information on the use of this product are believed to be reliable. Mixtures with other chemicals and equipment used are beyond the control of the manufacturer and seller. Buyer assumes all risks in use, storage and handling of this material. All use must be in strict accordance with label directions.

In no case shall the manufacturer or the seller be liable for consequential or indirect damages resulting from the use of or handling of this product. The buyer assumes all risk and accepts this as a condition of sale. No other warranty is expressed or implied.
